## INSTRUCTIONS

1. Boil a kettle of water.
  2. Open the wraps and put them in a bowl. Set aside the clips. Pour the boiling water into the bowl enough to cover the bandages and let it soak for 10-15 minutes.
  3. Open one sachet of the clay and apply by hand on desired area. Gently wring out excess water from the soaked bandages so they are not dripping. PLEASE BE SURE THAT WATER IS NOT HOT WHEN WRINGING OUT OR APPLYING THE BANDAGE TO THE SKIN. If needed, top off with cold water so water feels warm to the skin.
  4. Place wrap firmly but comfortably around the area where the clay was applied. Do not overtighten as it may restrict circulation or become uncomfortable. When you have reached the end of the wrap, simply secure by the provided clips.
  5. Once done wrapping, it is very important to keep the area warm. For best results, place a towel or cling wrap over the treated area.
  6. Leave on skin for one hour.
  7. Unwrap and wipe off excess clay. There is no need to shower.
  8. Wash bandages in warm cycle and dry on medium heat.
- It is recommended that you measure the area to be treated before and after the use of the product to see the results.
- Store in a cool dry place

## IMMEDIATE INCH LOSS

The HOLLYWOOD DETOX BODY WRAP is not a water loss wrap. The results are measured in inches, not weight, so there is no need to worry about dramatic weight fluctuations when you take on fluids. In fact, the more water you drink the better, it prolongs the treatment to maximize results.

Thanks to the natural properties of our specially formulated bentonite clay. It is kind to the skin and may help with common complaints such as stretch marks and unsightly cellulite. It will also help re-tone and tighten loose skin as well, promoting inch loss.

The great thing about this wrap is its flexibility. You can apply it directly to the part of your body you're most concerned. It's perfect for all those classic problem areas: stomach, hips, thighs, waist, chests and necks. It leaves skin feeling fantastically smooth and clear.

## HOW IT WORKS

The HOLLYWOOD DETOX BODY WRAP is a unique clay formula derived from volcanic ash. It has special ingredients that promote extended inch loss benefits. Aloe Vera is added which helps tighten and tone the skin.

When applied to the skin, the clay draws toxins from the pores while keeping the skin healthy. The wrap itself acts like a giant poultice. It compresses the skin, pushing it back into place after the toxins are withdrawn resulting in safe, natural inch loss.

## WARNING

We recommend you apply a small amount of clay to do a skin test. Discontinue use if you get an allergic reaction. Do not apply to broken skin or use if you have a skin disease/or getting treatment. It is best that you consult with your physician prior to use. Do not ingest. Use only as intended. We are not responsible for any misuse of the product. May not be suitable for use during pregnancy or for sufferers of emphysema and phlebitis.
